### New Product Guarantees

**RUPXODWLRVIRU**  
Cattle, Horses, Sheep & Goats

# ULF

- ★ FCI approved, no restricted use protein products.
- ★ All-natural plant proteins predominantly used. Urea/NPN only by special request.
- ★ Complete well-balanced vitamin and mineral program. Formulations to fit all phases of production livestock.
- ★ Enhanced roughage utilization through Amaferm. Animals will have a better fill, visibly less fiber is seen in the manure in 10 days to 2 weeks.
- ★ Substantial roughage savings: 15-30% on hay and up to 50% on corn stalks.
- ★ Only the most consistent and easily digestible ingredient sources are used.
- ★ No chemical hardeners, fillers, screenings, grain dust or bittering agents are used.
- ★ No waste; the tubs are completely weatherproof and can't be spilled or trampled.
- ★ Indefinite shelf life, the nutrients are completely sealed within the molasses base.
- ★ Greater palatability and 24/7 availability.
- ★ Convenient, easy to feed, reusable poly, recyclable or disposable containers.
- ★ No feeding equipment to purchase, less labor to feed.
- ★ Improves overall herd contentment, health and physical appearance. You will see brighter eyes, improved hair coat and more stamina in 30 days.
- ★ Less time between parturition and first heat, stronger heat signs and faster breed back, higher conception rates and stronger offspring at birth.
- ★ Healthier immune system, improved disease resistance, lower costs for supportive vet care.
- ★ Lactating animals will give more milk.
- ★ Heavier weaning weights, it puts more pounds on the ground for you.
- ★ Guaranteed consumption control to improve your overall bottom line.
